

Article 61: REASSIGNMENT OF TRAINING FAILURES

Section 1	The provisions of this Article shall apply to employees who are unsuccessful in the air traffic control training program.
Section 2	<p>Developmental employees who are unsuccessful in training and have completed their probationary period may be given an opportunity at a lower level facility if a vacancy exists. These employees will be provided a list of up to five (5) facilities in which the employee may select for reassignment.</p> <p>En route developmentals fitting in the criteria above will attend the Academy for terminal training.</p>
Section 3	If a CPC or TMC transfer has failed to achieve full certification in his/her new facility, he/she will be provided a list of up to five (5) facilities equal to or lower than their previous facility where a vacancy exists. The employee will select one for reassignment. This list may include the employee's previous facility if a vacancy exists.
Section 4	Employee reassignments made in accordance with the provisions of this Article shall not be eligible to receive any permanent change of station (PCS) benefits.
